1. INTRODUCTION

1.1 Values

The City of Philadelphia is committed to ensuring all businesses have access to contracting opportunities with the City and seeks to promote the economic development of small and local businesses.

IF ELIGIBLE, YOU ARE ENCOURAGED TO:

- ✓ Apply for [Local Business Entity \(LBE\) certification](#) with City's Procurement Department. If you provide your LBE status and/or promise to have a Local Impact, this must be used by the contracting department as a positive factor in evaluation and potential selection. Additionally, some opportunities are exclusively reserved for LBE certified businesses.
- ✓ Get Paid Faster! Enroll on the [Vendor Payment Portal](#) to effortlessly submit electronic invoices and monitor payment progress 24/7. The process of submitting invoices through the Vendor Payment Portal is user-friendly, efficient, and free.

1.2 Contracting with the City of Philadelphia

Consistent with our values, the City requires that all contractors and subcontractors comply with all applicable laws, regulations, and policies, including:

1

[CITY BUSINESS
LICENSES AND
PERMIT
REQUIREMENTS](#)

2

[PAYMENT OF CITY
BUSINESS TAXES
OR OTHER
INDEBTEDNESS
OWED TO THE CITY](#)

3

[CHAPTER 17-1300.

Please closely review the City's contract attachments including the standard terms and conditions found in the General Provisions under [Appendix A](#) of this RFP. Any contract resulting from this RFP will incorporate and be governed by these documents.

1.3 Contacting Us

For technical assistance with the eContract Philly website, email eContractPhilly@phila.gov or call (215) 686-4914.

City of Philadelphia

- Please note the phone number provided is not a live helpline.
- Allow for two (2) business days prior to any application deadline to receive a response to your request. The City will not extend a deadline even if it has not responded to your question or request.
- All other questions regarding the RFP, including substantive questions, must be submitted in accordance with Section 2.3. Applicants are otherwise prohibited from contacting City representatives concerning this RFP or related matters.

1.4 Feedback about this RFP

The City recently updated the design of the RFP we use for Professional Services, and would like feedback from vendors. If you have feedback you would like to share, please complete [this voluntary survey](#). Thank you.

2. THE OPPORTUNITY

2.1 Summary

The Office of Innovation and Technology on behalf of the Procurement Department, seeks qualified applicants who can provide the following services and resources for the City's Optimization Procurement and Accounting Logistics (OPAL) Project to streamline and update its management of business documents (Project). The following document types will be addressed in the Scope of Services for this Project:

- Regulations, Policies & Procedures
- Contracts & Agreements
- Solicitation Documents (RFxs)
- Attachments & Exhibits for Contracts & Solicitations
- Standard Operating Manuals & FAQs
- Standard Promotional Documents

These documents fall under the following categories:

1. Contract Templates, RFP, and IFB templates across approximately 15 major categories with subcategory variations managed at the clause level. Not every category will require both an IFB and RFP template, but some will.
2. Associated documents such as Representations, Certifications, and Disclosures across the constellation of RFx and Contract templates where such associated documents are fairly, but not exclusively, standard across categories.
3. Other Law Dept. agreement templates such as sales agreements, memoranda of understanding (MOUs).
4. The as bid cost will not include the development of standard independent division 1 type documents (i.e., project management and other general specifications); however, scope does envision the eventual potential inclusion of such associated documents.

2.2 Background

Overview

The City of Philadelphia's Procurement Department and Law Department currently operates with a largely decentralized procurement model. Leadership has identified the need to evaluate how procurement activities are performed across departments, assess current maturity, identify gaps or inefficiencies, and determine how a centralized model could increase operational consistency, enhance supplier value, reduce risk, and accelerate savings.

For the purposes of this RFP, documents are the existing collection of documents covered under this RFP which includes policies, procedure, regulations, contracts, solicitations, attachments, exhibits, manuals, promotional documents, and other documents as identified by the city. The documents also

include new documents that may be created within this scope of work for items such as revised policies, procedure, and regulations. Templates are the existing and new tools that are and will be used to develop documents in the future.

No computer hardware or other equipment, and no network or computer installation services (such as cabling or physical installation of equipment) will be purchased under any contract resulting from this Request for Proposals.

Project Background

There is underway a Workday ERP installation known as the OPAL (Optimization Procurement and Accounting Logistics) Project. This work comprises the core Workday Procurement and Finance modules and the Workday Strategic Sourcing module. The current plan calls for Procurement Department and the Law Department solicitation and contract documents and templates to reside on Workday. Workday Strategic Sourcing has limited clause library functionality.

Problem Statement

For the purposes of this RFP, documents are the existing collection of documents covered under this RFP which includes policies, procedure, regulations, contracts, solicitations, attachments, exhibits, manuals, promotional documents, and other documents as identified by the city. The documents also include new documents that may be created within this scope of work for items such as revised policies, procedure, and regulations. Templates are the existing and new tools that are and will be used to develop documents in the future.

2.3 RFP Schedule

RFP Posted	March 16, 2026

Applicant Questions Due	Applicants must submit questions regarding this opportunity by March 27, 2026, at 5:00PM Philadelphia time. All questions must be submitted via email to janira.barroso@phila.gov with Subject Title: Supply Chain RFP
Answers Posted on <u>eContract Philly</u>	April 2, 2026, by 5PM Philadelphia time

Proposals Due	April 13, 2026, at 5PM Philadelphia time
Applicant Interviews, Presentations (City Discretion)	From April 20, 2026, through April 30, 2026, Applicant interviews will be held only by invitation for either in-person or by a virtual platform
Applicant Selection	May 11, 2026, through May 15, 2026
Contract Execution	May 22, 2026, through May 30, 2026
Commencement of Work	June 1, 2026

The above dates are estimates only. Notice of changes in any pre-proposal meeting or site visit date, time or location, due date for Applicant questions, or proposal due date will be posted as a notice/Addendum with the original RFP on [eContract Philly](#) and will become a part of the RFP.

2.4 Outcome Goals

The Applicant must meet the City's desired outcome to create streamline improvements to existing systems, processes, organization, or methods of operation that can be implemented relatively quickly (weeks to a few months) for little or no cost for the optimization of the new City's financial and purchasing logistical systems which is launching in FY28.

The Applicant must meet the Project expectation by producing a logical rationalization and consolidation of City documents and templates, where existing and Project-created work product are properly stored and cross-referenced; new standards are created for the future generation of documents and templates; new templates are created in a maintenance and operationally efficient method; and new Project work product is formatted to leverage modern systems.

2.5 Award Terms

Term	The term of this contract is expected to start on or about June 1, 2026, and end on or about May 30, 2027 The City may, at its sole option, amend the contract to add up to four additional terms, each not to exceed one year.
Compensation	Contract will state maximum compensation including all expenses
Cost Proposal Type	Cost proposals must be "fixed price" proposals. The proposed price must include all costs to the City for performance of the work required under this RFP. If an Applicant offers options and/or alternates that are not included in the fixed price for the proposed work, the Applicant must provide for each such option/alternate the following information:

- A detailed description of the option/alternate;
- A full explanation of the rationale for not incorporating the work in the base Proposal;
- Detailed cost information for each option/alternate, in accordance with the cost proposal requirements of the RFP.

The cost proposal must identify, by separate line item, each principal task and activity required to perform the work and each deliverable, together with the cost of each. The City reserves the right, in its sole discretion, to reject without evaluation any Proposal that does not identify each item of the work by line item, and any Proposal (including, but not limited to, proposals to perform the work on a “time and materials” or “cost-plus” basis) that does not provide a fixed price to perform the proposed work.

Terms of Payment

The condition of payment will be based on each milestone completion of the project; the proposer will be required to invoice per completion of each phase/milestone.

3. SCOPE OF WORK

For the purposes of this RFP, documents are the existing collection of documents covered under this RFP which includes policies, procedures, regulations, contracts, solicitations, attachments, exhibits, manuals, promotional documents, and other documents as identified by the city. The documents also include new documents that may be created within this scope of work for items such as revised policies, procedures, and regulations. Templates are the existing and new tools that are and will be used to develop documents in the future.

System considerations and assumptions to incorporate are:

Existing Systems

Existing systems, which will have to be surveyed for content include PHLContracts (SaaS), ACIS (Oracle-based), FAMIS (mainframe), ADPICs (mainframe), shared drives, SharePoint, OnePhilly Oracle platform, and may include other Systems. Some of these Systems may be leveraged for future centralized document management for certain elements of this work.

Currently Planned Systems

There is underway a Workday ERP installation known as the OPAL Project. This work comprises the core Workday Procurement and Finance modules and the Workday Strategic Sourcing module. The current plan calls for Procurement Department solicitation and contract documents and templates to reside on Workday. Workday Strategic Sourcing has limited clause library functionality.

System Recommendations

System recommendations are the systems or integrations between systems that will be recommended by the Consultant.

The Project will result in a logical rationalization and consolidation of City documents and templates, where existing and Project-created work products are properly stored and cross-referenced; new standards are created for the future generation of documents and templates; new templates are created in a maintenance and operationally efficient method; and new Project work product is formatted to leverage modern systems.

3.1 Description of Services

This *Section 3.1, Description of Services* includes the requirements for the project, including the services to be performed and the deliverables that must be met by the selected Applicant. The City reserves the right to change certain service requirements or deliverables based on changed circumstances, like a change in the business or technical environment or contract negotiations with Applicant(s) selected for negotiations, without issuing a revised RFP.

Applicants should read this section closely. An Applicant's proposed scope of work must detail how they will meet the service requirements or achieve the deliverables described in this section. Applicants may also propose additional or revised services or deliverables to achieve the outcomes described in *Section 2.3 Outcome Goals* of this RFP. However, Applicants must explain why each of these additional services or deliverables are necessary, and when and how they will be completed.

The successful Applicant will be selected as the Consultant. The Consultant will be required to conduct the surveys, comparisons, analyses, recommendations, and document and template creations that span all aspects of document types included in this Scope of Services. The intent is to format templates to leverage full clause library functionality, where templates are created and controlled at the clause library. Clauses for standard alternates are expected to be included within the Scope of Services.

The Scope of this RFP is divided into several Phases of focus for purposes of clarity of conveying the City's intent and to allow the City to track the progress of the Project. Each area of focus for the Scope is detailed below. While this RFP is depicted in consecutive Phases, the Phases of the Project may occur with some concurrence to meet the needs of the City and the Project.

As the Project proceeds, the Consultant will identify quick wins and report those to the City.

Each Phase shall conform to the system information provided in the Overview section above unless specifically stated otherwise in this RFP.

PHASE I – INITIATION

The Initiation Phase of the Project comprises the efforts to inventory existing documents and templates and establish a plan to consolidate existing documents and templates. The Consultant shall then validate the span of the Scope of Services in terms of numbers and types of documents and templates, identifying gaps or redundancies.

The types of documents and document templates to be addressed in the inventory include at a minimum:

- Regulations, Policies & Procedures – documents & templates
- Contracts & Agreements – documents & templates
 - Procurement Contracts
 - Sale Agreements
 - Other Agreements
 - MOUs
- RFX Template – documents & templates
 - Special Prequalification
 - Requests for Bid (RFB)
 - Requests for Proposal (RFP)
 - Specialty Solicitations
- Procurement Exhibits & Attachments – documents & templates
- Standard Operating Manuals & FAQs - documents
- Standard Promotional Document - documents

Document Rationalization

Each of the documents listed in the preceding paragraph shall then be dispositioned in a plan that lays out the aggregation or consolidation of documents into a logical storage structure. The structure plan shall be able to be implemented into a system that provides searchable functionality. The plan shall address the ability to cross reference and search documents by type, department, expiry, creation date, and revision history.

Template Rationalization

An index of templates shall be generated from which, in later Phases, the Templates shall be created. Each template in the index shall be designated as existing, existing requiring revision, or new. This effort shall include the collection and rationalization of all attachments, exhibits, disclosures and other associated documents. These associated documents shall also be evaluated for consolidation where efficiency gains can be made.

The table below presents our initial assumption for the Procurement Templates that will be required in the future state once the OPAL project is fully implemented.

Scope Validation

The Contractor shall make recommendations for the list of documents to be managed, and templates to be created and maintained before embarking on the development of detailed content.

PHASE II – DESIGN

The Design Phase of the Project comprises the establishment of structure and format for templates, and reporting recommendations for system additions and integrations to accomplish the objectives of this Project.

Template Structure Model

Consultant shall develop a template structure model for each type of template. Models shall be designed with the following characteristics in mind:

- Templates shall employ where possible a controlled clause library structure that is compatible with a fully functional clause library-based system.
- Clauses shall be consolidated to drive efficiency.
- Clauses shall be drafted to be either fixed or variable, where the variable information is incorporated into separate clauses to drive efficient document review.

System Recommendations

Consultant shall evaluate existing and planned systems and make recommendations for the following:

- Storing, searching, and managing documents by type.
- Storing, searching, and management of templates by type.

Planned systems shall be evaluated for suitability of the clause library functionality and alternatives of integrations considered.

PHASE III – CREATION

The Creation Phase will comprise the Consultant developing new content for documents and templates and then the generation of the new templates and documents. This Phase ends with the regeneration of the document index and the inclusion of the templates.

Wherever possible, Consultant shall develop content on a clause basis as will be most efficient with regard to maintenance and use of the templates. Further, clauses shall be written to maximize uniformity and business efficiency. This effort will also include standard alternate of fallback content.

Service Requirements

In addition to the reports, templates, documents and indexes described previously, Consultant shall provide the following deliverables:

1. Meetings

- a. The Project Team will meet on a regular basis, no less than weekly, to track progress and share information. The frequency, location, time, duration, and format of these meetings will be determined by the City's Project Manager. At the discretion of the Project Manager, the responsibility for preparing meeting agendas may be delegated to the Consultant.

2. Reporting

- a. As part of the Project Team meetings, the Consultant shall provide written reports and oral updates on project findings and the progress of process re-engineering efforts. These updates will be delivered at each scheduled meeting.
- b. In addition, the Project Team shall prepare and deliver a high-level report to the Executive Project Team on a quarterly basis and/or upon completion of each project phase.

3. Quick Wins

- a. During this project, Quick Wins identified by the Consultant or other members of the Project Team shall be documented and reported to the City for consideration and action. A Quick Win is an improvement to existing facilities, systems, processes, organization, or modes of operation that can be implemented relatively quickly (weeks to a few months) for little or no cost. Quick Wins shall be reported with the following information:

- b. Description of the Quick Win
- c. Cost to Implement
- d. Time to Implement
- e. Expected Improvement
- f. Measurement of the Improvement

Quick Wins will be reported as they are identified rather than at the end of the project.

General Requirements

Qualifications of Applicants

Proposals will be evaluated, in part, on the Applicant's ability, in the City's sole judgment, to demonstrate technical and financial capacity to perform the work it proposes in accordance with the requirements of this RFP. Applicants are accordingly required to furnish the information described below. The City reserves the right, in its sole discretion, to require additional or different qualifications information, and is the sole judge of whether the Applicant's submissions meet the information requirements provided below and are sufficient to demonstrate the Applicant's qualifications.

Selection of the Consultant will be driven heavily by the related experience of the firm and the assigned team, their demonstrated knowledge of the RFP subject, and their stated approach to executing this project in a timely and cost-efficient manner. Proposers are required to provide the following RFP-specific qualifying information:

- Proposers General and Category Experience
- Project Approach
- Project Experience
- Sample Reports
- Team Organization
- Team Members

Proposers General and Category Experience

The successful proposer will demonstrate experience in public sector Law and Procurement business documents inclusive of templates. Experience with ERP systems, document lifecycle management systems and clause library usage will also be considered. The City will evaluate proposer's previous experience with consulting on and having team members with enterprise experience within a variety of supply chain management operations, with a particular focus on public entities, Law documents, Procurement documents, and other related enterprises. The proposals will be evaluated on a firm, team, and individual basis.

Organizational Experience

- Experience in procurement transformation, operating model redesign, or strategic sourcing reform.
- Experience working with government or complex decentralized organizations.
- Strong analytical, communication, and executive-facing capabilities.
- Preferred qualifications include:
 - Public sector procurement transformation experience.

- Experience implementing centralized procurement governance

Project Approach

The successful proposer will offer a project approach that is thorough. The approach will also be evaluated for the level of interactive decision making balanced with self-directed surveying of existing conditions. The City will also evaluate more favorably a project approach that provides for regular consultation and project adjustment between the City and Consultant.

Project Experience

The successful proposer will have demonstrated experience in creating and delivering projects that entail reviewing and updating business documents and templates as described herein. The project experience will be evaluated on a firm, team, and individual basis.

Sample Reports

Acceptable proposals will include a sampling of actual client reports (identifying details may be redacted), documents, and templates preferably for similar projects, accompanied by a descriptive summary of the subject project. The objective is to evaluate the proposer's ability to communicate clearly and concisely, in both written and graphic format: data; concepts; strategies; and decision points.

Team Organization

The Proposals shall present proposer's team in terms of its relationship to the City. The organization will also be described in terms of project governance. The proposal shall also present the preferred City integration into the proposer's team.

Team Members

Acceptable proposals will include a detailed listing of proposer's team members; their resumes as tailored to the demands of this project and completion of the table below or a similar summary level description to each team member's experience. Every proposed team member must be included in the proposal with their role and a description of the duties associated with their role.

*The following sample table is attached to this RFP as Appendix C. Use this form to identify key personnel on the Project Team:

ASSIGNED PERSONNEL				TEAM SUMMARY								
ROLE	NAME	TITLE	PROJECT COMMITMENT	TOTAL	SUPPLY CHAIN	TIME @ FIRM	PLANNING/ FORECASTING	MATERIAL PROCUREMENT	WAREHOUSING	DISTRIBUTION	TRANSIT	SIMILAR PROJECTS
			%	YRS	YRS	YRS	Y/N	Y/N	Y/N	Y/N	Y/N	#

Milestones/Schedule

Proposers are required to provide a project schedule. The schedule will be provided in two formats. Proposer shall present (1) a high-level milestone timeline depicting deliverables and major interactions with the City, and (2) a Gantt format schedule, depicting the detailed task-level proposed execution of the Project with major meetings and milestones. The schedule may but is not required to be resources loaded.

Consultant will work with the City to develop and work to a Project schedule that will be most beneficial to related projects to implement a new ERP system and update the City's Code and Charter. The Consultant shall maintain the schedule in baseline, actual, and projected format and advise the City of the Project progress no less than monthly.

The objective is to complete this project in less than 12 months. The following table demonstrates the City's goal for completion in each Phase of this project:

<u>Date</u>	<u>Activity</u>
June 1, 2026	Project Start
June 2026	Phase I – Project Initiation & Document Audit
Early September 2026	Phase II - Redesign
Late December 2026	Phase III - Creation
January 2027 – April 2027	Phase IV - Implementation

Preferred technology capabilities and/or resources

- Secure & Compliant Infrastructure
- Cybersecurity & Regulatory Compliance
- Data Governance & Information Management
- Digital Service Delivery Platforms
- Enterprise Systems Modernization
- Transparency, Oversight, & Reporting
- Program & Portfolio Governance Tools

Reporting Requirements

Applicants must adhere to submitting monthly milestone reports with each required deliverable report including but not limited to:

- Current State Diagnostic Report
- Future State Organization Model & Governance Framework Recommendation
- Final Executive Report & Presentation

Metrics, Contract Management & Payments

Performance Metrics

The City of Philadelphia is interested in identifying metrics in order to monitor and improve performance during the life of the contract. The *Procurement Department* has identified the following metrics and will work with the awarded provider(s) to add to or refine this list during contract negotiations. The final set of performance metrics and frequency of collection will be negotiated by each successful Applicant and the City prior to the finalization of an agreement between parties and may be adjusted over time as needed.

Contract Performance Monitoring

As part of the City of Philadelphia's commitment to improved outcomes, the City seeks to actively and regularly monitor service delivery to enhance contract management, improve results, and adjust service delivery based on learning what works. Reliable and relevant data is necessary to drive service improvements, ensure compliance, inform trends to be monitored, and evaluate results and performance. As such, the City reserves the right to request/collect other key data and metrics from providers related to the performance of the contract and to reject any item of work that does not meet the performance standards described in the contract.

How We Will Pay the Selected Applicant

The contract for each chosen provider will include a contract maximum amount that cannot be exceeded without a written contract amendment. Applicants must provide a detailed cost proposal, with a line-item breakdown of the costs for specific services and work products proposed. Cost proposals must be "fixed price" proposals. The proposed price must include all costs that will be charged to the City for the services and tangible work products the Applicant proposes to perform and deliver to complete the project, including, but not limited to, costs for the following, if the Department is to pay for them: employee compensation and fringe benefits; communication; printing; administrative expenses; bonding; acquisition of real estate; rent, utilities, maintenance and security related to real estate; travel (reimbursable only at rates approved by the Department); project management; development; testing; implementation; maintenance; training; and all other work proposed. Any contract resulting from this RFP will provide for a not-to-exceed amount in the compensation section of the contract.

4. HOW TO SUBMIT YOUR RESPONSE

4.1 What You Must Include in Your Proposal

For your proposal to be considered, proposals must be submitted:

- a) electronically;
- b) through the City's designated system (not email);
- c) before the deadline; and,
- d) signed by an authorized representative of the Applicant.

Additionally, your proposal must include the information listed in the Proposal Requirements below and be organized in the order shown. Failure to submit your proposal in the manner and format required by this RFP may result in your proposal being rejected.

Proposal Requirements:

1. Table of Contents

2. Introduction/Executive Summary (Give a short description of your proposal.)

Provide an overview of your company, the goods or services you offer and how you plan to meet the City's needs.

3. Applicant Profile (Tell the City about yourself).

Please complete the Applicant information sheet and include it with your proposal submission.

Part 1. Please provide the following for the Applicant's Business:

1. Name of Business
2. Business Address
3. Telephone Number
4. Fax Number (if applicable)
5. E-mail Address
6. Website Address
7. Federal Taxpayer Identification Number or Federal Employer Identification Number

Part 2. Please provide the following for the Applicant's Primary Contact:

1. Name
2. Job Title
3. Address
4. Telephone Number

City of Philadelphia

5. Fax Number (if applicable)
6. E-mail Address

Part 3. Please provide a description of the Applicant's business background by answering the following:

4. How many years has the Applicant's business been operating?
5. What is the primary mission of the Applicant's business?
6. What is the Applicant's significant business experience?

4. Proposed Scope of Work (Tell the City what you propose to do).

Review Section 3 of this RFP, "Scope of Work" and directly state what services and materials you will provide to meet the City's described needs. Be specific, and, as necessary, describe your services and materials in plain language for the evaluation team to understand. Include a proposed budget or cost proposal, and a schedule for when the services and materials will be provided.

5. Statement of Qualifications; Relevant Experience (Tell the City why you are the best choice).

Provide a statement of your relevant qualifications and demonstrate how your experience meets or exceeds the City's requirements. Include a list and description of similar projects you have worked on, including the number of such projects and the amount of time spent on them.

6. References

Provide at least three references, preferably for projects that are similar to the work sought by this RFP. Include the company/entity, a contact person's name, the contact person's title, their address, their email address, and telephone number. The more similar the reference is to the City the better, such as other local government entities.

7. Proposed Subcontractors (Tell the City who will work with you).

Please provide a complete list of prospective subcontractors with whom you plan to work on this project. Include:

- Company Name
- EIN
- Scope of Work
- Percentage of total work allocated to each firm

8. Requested Exceptions to Contract Terms (Tell the City about any changes you would like to the contract).

In exceptional cases, a successful Applicant might be afforded exceptions to the City's Contract Terms. State if you would like to request exceptions to the City's Contract Terms, including those contained in this RFP, including [Appendix A](#) and any other documents incorporated by link or reference. Identify the location of the proposed change as well as possible (noting the document,

section, heading, and page), the reason for the change request, and proposed alternative language. The City may consider your proposed changes or may disqualify your proposal at its option.

However, please be aware that exceptions are not made often and so you should thoroughly explain why the change is necessary and appropriate for the contract. Any proposed exceptions to the City's Contract Terms are subject to various internal review procedures before they can be accepted.

Note: Your proposal is a [binding offer](#) to contract and failure to propose exceptions binds you to the City's terms, if your proposal is accepted.

9. Tax and Regulatory Status and Clearance Statement (Certify that you do not owe the City).

Obtain a [Tax Clearance Certificate](#) and complete [Appendix B](#) attesting to Applicant's tax and regulatory compliance with the City.

10. Disclosure of Litigation, Administrative Proceedings, and Contract Defaults (Tell the City about any legal proceedings or contract disputes your company or its leaders were involved with).

Provide a description of any legal proceedings or contract disputes in the past five (5) years that might affect your business, finances, or ability to perform the work described by this RFP. Include all instances of litigation, bankruptcy, debarment, suspension, contract default claims, any criminal conviction or indictments, settlements, and court or administrative orders. For each matter, state the name and nature of the matter, the parties involved, and its current status. For contract disputes, provide the name and contact information for the opposing party. Provide the same information for any matter involving an officer, director, principal, partner, or affiliate of the Applicant, and for any intended subcontractor of the Applicant.

11. Statement of Financial Capacity (Demonstrate how stable your business is).

Provide documentation demonstrating fiscal solvency and financial capability to perform the work sought by this RFP. You may include any of the following:

- A general, independent statement of the Applicant's financial condition, prepared by an external auditor or accountant;
- Applicant's most recent audited or unaudited financial statements, including:
 - Balance Sheet,
 - Income Statement, or
 - Cashflow Statement;
- Most recent IRS Form 990 (for non-profit organizations only); or,
- Any other documentation that demonstrates your financial capacity to meet the requirements of this RFP.

12. Local Business Entity or Local Impact Certification (Tell the City if you are a local business or how you envision affecting the local economy).

The City is committed to leveraging its buying power to uplift and grow our local economy, which will result in more jobs for Philadelphians, including local and small businesses. For this reason, the City will consider local impact as a significant factor in our proposal evaluation for this contracting opportunity. If you meet the requirements of a certified Local Business Entity (LBE), we strongly recommend that you get certified for free by following the steps found [HERE](#) and include a copy of your certification with your proposal and/or include a statement about how you envision impacting the local economy through this work.

13. Disclosure Requirements (Tell the City about your political contributions).

Excess political contributions to City candidates and incumbents can disqualify you from a City contract. Complete the mandatory [disclosures](#) required as part of the electronic application process in eContract Philly, including any local political campaign contributions, by selecting “[Apply for Contract](#)” from the opportunity information screen (where this RFP was located). Additional information and instructions are located under the “[Disclosure/Eligibility](#)” tab on the top of the [eContract Philly](#) homepage. Please make sure to review these requirements closely before completing these disclosure forms.

4.2 How To Submit Your Application

Online Submission Required by the Application Deadline

You must **complete your application through [eContract Philly](#) before the deadline** to be considered for this contract opportunity. Proposals may be changed at any time up until the submission deadline and the City will not review your proposal until after the deadline. The proposal is not considered submitted until the “submit” button is pressed at the conclusion of the eContract Philly submission process. You will receive a confirmation email that your Application was submitted.

Applicants are encouraged to allow sufficient time to complete the application process in order to become familiar with the requirements of the eContract Philly interface, upload all required documents, and resolve any technical issues prior to the submission deadline. The City need not accept, and may discard, responses that are incomplete, late, or submitted in any other format.

Electronic File Limitations

[eContract Philly](#) accepts attachments up to 8MB of the following file types: Microsoft Word, Microsoft Excel, Microsoft Project, Adobe PDF or in a compressed zip file. Larger attachments must be split into smaller attachments to accommodate this file size limitation. There is no limit to the number of attachments that may be uploaded.

Every Entity Applies for Itself

Except in the case of [Joint Ventures](#), which follow special rules described below, **every entity must apply for itself**. If the prospective applicant is not already registered with [eContract Philly](#), you must first register for an account before you can apply to this opportunity. Note that each legal entity must have a separate account; you may not utilize or repurpose another entity's account for this application. To identify each legal entity, the eContract Philly application system uses an entity's Taxpayer Identification Number, either a Social Security Number (SSN) or Employer Identification Number (EIN). Make sure the Tax Identification Number associated with your profile matches the Tax Identification Number of the company that is applying. Applications from an affiliated entity or made on another entity's behalf will cause the City to reject the proposal.

See the [Joint Venture](#) rules if you are applying on behalf of a Joint Venture.

Special Rule for [Joint Ventures](#)

4.3 Proposal Binding

Your proposal is a binding offer to contract for what you propose. Each Applicant agrees that it will be bound by the terms of its proposal for a minimum of 180 calendar days from the application deadline for this RFP and will enter a contract containing the same terms. If the City accepts your proposal as submitted, the City need not negotiate additional or different terms. Applicants must state clearly and conspicuously any modifications, waivers, objections, or exceptions they seek in a separate section of the proposal entitled "[Requested Exceptions to Contract Terms](#)."

The City reserves the right, in its sole discretion, to negotiate terms and conditions different from and/or additional to the Contract Terms without notice to other Applicants.

5. HOW WE CHOOSE

The City will consider many factors, including cost, when evaluating proposals submitted to this RFP. While cost is an important factor, it is not the sole, or necessarily the deciding factor. The City may choose to award the contract resulting from this RFP to an Applicant whose proposal is the most advantageous to the City and in the City's best interest even if the Applicant is not offering the lowest price.

The City will base its selection on criteria that may include, but are not limited to:

1. Superior ability or capacity to meet particular requirements of contract and needs of City Department and those it serves
2. Eligibility under Code provisions relating to campaign contributions
3. Superior prior experience of Applicant and staff
4. Superior quality, efficiency and fitness of proposed solution for City Department
5. Superior skill and reputation, including timeliness and demonstrable results
6. Special benefit to continuing services of incumbent, such as operational difficulties with transition or needs of population being served
7. Benefit of promoting long-term competitive development and allocation of experience to new, local, or small businesses
8. Lower cost
9. Administrative and operational efficiency, requiring less City oversight and administration
10. Anticipated long-term cost effectiveness
11. Meets prequalification requirements
12. Applicant's certification of its Local Business Entity/Local Impact status.

If a contract is awarded from this RFP, a notice will be published on the City's [eContract Philly](#) website identifying the name of the selected Applicant and the basis for award to that Applicant, as well as the names of all other Applicants to this RFP. To access this notice, select the button that says "Notice of Intent to Contract" and search for your opportunity number.

6.1 Health Insurance Portability and Accountability Act (HIPAA)

The work to be provided under any contract entered into pursuant to this RFP may be subject to the federal Health Insurance Portability and Accountability Act (HIPAA) or other state or federal laws or regulations governing the privacy and security of health information.

If the contract is with any of the “[Covered Units](#)” designated by the City or the chosen provider is otherwise a “Business Associate” under HIPAA, the selected Applicant must comply with the “[Terms and Conditions Relating to Protected Health Information](#)” which are posted on [eContract Philly](#) under the “[About](#)” section and which will be incorporated into the contract by reference.

6.2 Special Rules Applicable to Joint Ventures

Generally, applications submitted through eContract Philly from Applicants that purport to be filing an application on behalf of another individual or business entity will not be considered, even if the other business entity is an affiliate of the Applicant. In the case of multiple business entities that, if awarded a contract, have formed, or intend to form a joint venture to perform the contract, a single business entity *may* file an application on behalf of all such business entities, so long as: (i) the filing business entity is or will be a member of the joint venture, (ii) the application is made in the name of the existing or proposed joint venture, (iii) documentation is submitted with the application identifying all business entities that will comprise the joint venture, and demonstrating a binding agreement among those business entities to perform the contract as the joint venture identified in the application (for a joint venture that has not yet been formed, documentation signed by each identified business entity evidencing a commitment to form the joint venture if awarded the contract is sufficient), and (iv) the non-filing business entities are eligible for award of a City contract and make the [disclosures](#) required by [Chapter 17-1400](#) of the Philadelphia Code (described in

greater detail below) within fourteen (14) days after the joint venture receives notice that it has been awarded the contract.

6.3 Mandatory Political Contribution Disclosures and Penalties

Pursuant to [Chapter 17-1400](#) of the Philadelphia Code, Applicants are required to disclose the following as part of their required online application:

- their direct and indirect campaign contributions to:
 - political candidates and incumbents who are nominated for, running for, or serving in, a local Philadelphia elected office; and
 - political committees/parties that are operating in Philadelphia¹
- any consultants used in responding to the RFP and political contributions those consultants have made as described above; and
- whether the Applicant or any representative of the Applicant has received from any City employee a request for money or other items of value.

Applicants who make material misstatements or omissions in required disclosures may be prohibited from entering into contracts resulting from this or any other RFP of the City for one to three years and subjected to fines of up to three-times (3x) the amount that a contribution exceeded the [political contribution limits](#), up to \$2,000 for each contribution, pursuant to [Section 20-1302](#) of the Philadelphia Code

For more information, please consult the text of [Chapter 17-1400](#), the “[Disclosure/Eligibility](#)” tab on [eContract Philly](#), e-mail econtractphilly@phila.gov, or call 215-686-4914.

6.4 Political Contribution Limits for City Contractors

The current contribution limits are adjusted every four years (starting in 2008) and are posted on the [eContract Philly](#) home page. The limits are established by law, apply continuously throughout the life of an awarded contract and for as long as the official benefiting is in office. Applicants are advised that individuals and businesses that make campaign contributions in excess of the amounts set forth in [Section 17-1404\(1\)](#) of the Philadelphia Code are ineligible to enter into a City contract or subcontract at any tier in excess of \$10,000 for individuals or \$25,000 for businesses. Contributions are attributed according to [Section 17-1405](#) of the Philadelphia Code and Applicants should take this into consideration in electing to apply for this opportunity and in selecting subcontractors, if any.

Applicants certify that their subcontractors are eligible to work on City contracts and will be responsible for any consequence if that later proves untrue. To assist Applicants, the City has provided disclosure forms under the “[Disclosure/Eligibility](#)” “[Subcontractor Disclosure](#)” tab on [eContract Philly](#) for subcontractors to complete and provide to the Applicant at their option. These forms do not need to be submitted to the City.

¹ State and federal campaign contributions do not have to be disclosed unless the subject/candidate in the campaign is also running for, or currently serving in a local Philadelphia elected office.

6.5 City Employee Conflict Provision

City of Philadelphia employees and officials are prohibited from submitting a proposal in response to this RFP. No proposal will be considered in which a City employee or official has a direct or indirect interest.

6.6 Reservation of Rights

By submitting a response to this contract opportunity, the Applicant accepts and agrees to the [City's Standard Reservation of Rights](#), linked and incorporated in this document by reference, and to the terms of this contract opportunity, including all information contained in this RFP and information posted or accessible by link from the [eContract Philly "Opportunity List"](#) page, accessible under the "[New Contract Opportunities](#)" tab on the [eContract Philly](#) homepage.

6.7 Confidentiality and Public Disclosure

Each Applicant shall treat all information obtained from the City as a result of this opportunity or any resultant contract, which information is not generally available to the public, as confidential and/or proprietary to the City in accordance with the terms of any resultant contract. The Applicant shall exercise all reasonable precautions to prevent any information derived from such sources from being disclosed to any other person. The Applicant agrees to indemnify and hold harmless the City, its officials and employees, from and against all liability, demands, claims, suits, losses, damages, causes of action, fines and judgments (including attorney's fees) resulting from any use or disclosure of such confidential and/or proprietary information by the successful Applicant or any person acquiring such information, directly or indirectly, from the successful Applicant.

By submission of a proposal, Applicants acknowledge and agree that the City, as a municipal corporation, is subject to state and local public disclosure laws and, as such, is legally obligated to disclose to the public documents, including proposals, to the extent required thereunder. Without limiting the foregoing sentence, the City's legal obligations shall not be limited or expanded in any way by an Applicant's assertion of confidentiality and/or proprietary data.
